To Whom It May Concern:

This letter has been provided to specific employees, volunteer blood donors, couriers and the individuals indispensable for conducting the "Essential Business" involved with collecting, testing, manufacturing and distributing blood products for the patients that depend on life saving blood transfusions.

Pursuant to the various County orders instructing residents to shelter in place, this individual is essential for activities involved with "maintaining the safety" of hospitalized transfusion dependent patients.

Please direct any inquiries about this letter or this individual to Executive Director - Stacy Braddock, Technical Director - Stacy Means or Quality Director - Lori Mussett at 903-893-4314.

Thank you for your consideration and support of our life saving mission.

Respectfully,

Stacy Braddock
Executive Director
